

## **ETHNO FRANCE 2019 - CALL FOR PARTICIPANTS**

---

### **1. Ethno France 2019? What are we talking about?**

"Ethno France 2019" is a musical, intercultural and international project, that will bring together young musicians so that they exchange the traditional music of their cultural background and share it with various kinds of audiences.

Based on non-formal methods and peer-to-peer teaching, each musician teaches their piece to the others, by oral transmission. The result is an ephemeral and multicultural orchestra, which plays pieces of all over adapted with the influences of each.

2019 edition, from Wednesday March the 6th to Sunday March the 17th will bring together 20 participants from all around the world, aged 18 to 30 years.

They will gather for 11 days for various activities:

- rehearsals for a musical creation (standard Ethno music workshop, 3 days), on the principle of Ethnos;
